

Senior Architectural Technologist, Permanent Full-Time

Who is SRM Architects Inc.?

We are a growing Architectural firm with over 45 staff located at 279 King Street West in Kitchener, ON. We are looking for an Intermediate Architectural Technologist who is interested in expanding their responsibilities, knowledge, and growing along with our firm. At SRM, we offer opportunities for on-the-job learning, development, and growth. We will provide you with exposure to a wide variety of project types including multi-residential, commercial, office, and institutional projects. We believe that architectural designs should embody both functionality and innovation and strive to produce exceptional designs that meet our clients' vision, budget, and schedule. To learn more about our company, please visit srmarchitects.ca

Why Work for SRM Architects Inc.?

- We offer opportunities for on-the-job learning, development, and growth
- Exposure to a wide variety of project types including multi-residential, commercial, office, and institutional projects
- Flexible Schedule and use of Banked Time System
- Yearly Bonus Program, eligible for participation in after one year of service at SRM
- Benefits Program paid 60% by SRM and 40% by Employee
- Employee Assistance Program [EAP] paid 100% by SRM
- Cost of Professional Fees and the exams and courses required to maintain a continued level of Architectural related education [agreed upon prior to registration]

Responsibilities

- Work in a collaborative environment with the Project Manager, Architect, and other Technical and Design Staff
- Complete technical drawings in Revit and AutoCAD
- Assist with applications for planning approvals and building permits
- Research materials
- Assist with proposals
- Assist with contract administration
- Assist with determining project statistics
- Additional duties as determined based on the knowledge and experience of the applicant

Qualifications

- 8+ years' experience working as an Architectural Technologist
- Preference will be given to applicants who are licensed or working toward licensing with the OAA
- Proficient in Revit, producing drafting documents
- Understanding of current building systems, materials, and all codes in practice (Ontario Building Code, NFPA)
- Knowledge and understanding of architectural standards, building sciences, construction technologies and practices
- Able to work with a team to produce working drawings and 3D models of architectural designs for innovative multi-disciplinary projects - specifically Multi-Residential, Commercial, and Institutional
- Excellent communication and organization skills
- Comfortable interacting with clients, contractors, and consultants
- Dedicated to meeting project deadlines
- Able to manage a number of tasks on multiple projects simultaneously
- Able to provide and receive feedback positively

Apply
